**MEDIA RELEASE  
JUNE 2007**

**Sydney to host major medical and health care exhibition**

Information describing Australia's international trade exhibition on Hospital, Diagnostic, Pharmaceutical, Medical and Rehabilitation Equipment and Supplies has now been released within Australia and overseas.

HOSPIMedica AUSTRALIA is driven by Messe Düsseldorf GmbH's 'med by series', organiser's of MEDICA the world's largest medical trade fair held annually in Düsseldorf, Germany. HOSPIMedica AUSTRALIA will take place for the first time at the Sydney Convention and Exhibition Centre from 13<sup>th</sup> –15<sup>th</sup> May 2008 and every two years thereafter.

"Interest from suppliers has already been constant since the late May release. Taking into account the areas that have been set aside for a number of European and Asian countries as 'National Pavilions' and adding reservations since received locally, the exhibition is already about 60% booked", said sales manager Robert Damcevski.

"Bearing in mind that the information has only been out for a few weeks, the response has been very positive from all sectors, including the major multinationals through to specialist local suppliers. We believe the remaining space will fill very rapidly with pressure coming on soon from overseas out of some related events in which we have representation by our partners Messe Düsseldorf Asia." he added.

Regular updates are being posted on the exhibition's website [www.hospimedica-australia.com](http://www.hospimedica-australia.com)
