

Your opportunities in Malaysia

As the world's third largest natural rubber producer and a dynamic market of 1,550 plastic products manufacturers, Malaysia's high quality raw materials, political stability, good infrastructure and strong R&D, puts it at the forefront of a dynamic global industry.

Visit M-PLAS 2011 for up-to-date insight for businesses interested to expand and venture into Malaysia's plastics and rubber industries.

Value-add programme – Industry seminars

A series of seminars and presentations on plastics and rubber technology and innovative developments in the industry will take place during M-PLAS 2011. For the latest schedule, log on to www.mplas.com

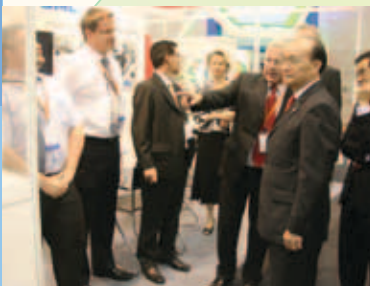

Join us today! Pre-register your visit at www.mplas.com

Country groups and pavilions from Austria, China, Italy, Malaysia and Singapore are expected to showcase their latest innovations

Business matching service that connects you with serious buyers

To enhance your strategic capabilities, the free business matching service provides comprehensive exhibitor and visitor profiles for you to view and opt for automated business matches.
