### **PRESS RELEASE**

For immediate release

## **Singapore's Senior Minister of State for Trade and Industry to open OS+H Asia 2008**

### **OS+H Asia to showcase a wide range of safety equipment and solutions**

OS+H Asia 2008, the 6<sup>th</sup> Occupational Safety+Health Exhibition for Asia, will take centre stage in Singapore from 17 to 19 September 2008. The exhibition will serve as a key forum for manufacturers and suppliers to introduce OSH-related equipment, innovations, initiatives and services to OSH practitioners from across Southeast Asia. Some 100 global manufacturers, suppliers and renowned brands hailing from 15 countries will be present at the 2008 exhibition and hence visitors will gain a global perspective on what's new, what's best and what's safe for the workplace safety and health.

OS+H Asia will hold a joint opening ceremony with two major healthcare events, namely HOSPI Medica ASIA, 7<sup>th</sup> International Exhibition on Hospital, Diagnostic, Pharmaceutical, Medical and Rehabilitation Equipment and Supplies and the 19<sup>th</sup> Asian Conference on Occupational Health. Mr S Iswaran, Senior Minister of State for Trade and Industry will grace this occasion on 17 September 2008 at 9.00am at Suntec Singapore.

Supported by the Singapore's Ministry of Manpower, Workplace Safety and Health Council, Occupational and Environmental Health Society, Singapore Institution of Safety Officers, National Safety Council of Singapore and the Singapore Exhibition and Convention Bureau, OS+H Asia is organized by Messe Duesseldorf Asia and driven by A+A Arbeitsschutz und Arbeitsmedizin, the world's largest platform for safety, security and health at work .

Numerous exhibiting companies are taking the opportunity to launch new and improved innovations to the region at OS+H Asia 2008. Selected exhibitors include:

- 3M TECHNOLOGIES (S) PTE LTD will provide solutions for respiratory, hearing, head, eye and face protection, spill management, and gas detection and monitoring. 3M OHES solutions are used in industries such as oil and gas, electronics, construction, shipbuilding and repair, automotive and general manufacturing.
- ALPHA A PTE LTD will showcase sound level meters, personal noise exposure measurement device, wireless real-time noise monitoring system, vibration meter, dust and fume collector, extractor arms, retractable hose / cable reels and screening protection.

- BRADY CORPORATION ASIA PTE LTD will offer a comprehensive range of identification products for applications in electrical power and voice data communications.
- DRAEGER SAFETY ASIA PTE LTD will introduce the smallest gas detection instrument for upto 5 gases. The Draeger X-am 5000 is equipped with electrochemical sensors which can be calibrated with other gases to meet more applications.
- FENZY SA will introduce the FENZY X-PRO's new "Extreme Comfort" harness concept which has passed the flame engulfment test. The harness's ultra light back plate allows easy hip movement.
- HAWS MANUFACTURING PTE LTD will have on display the Axion MSR emergency equipment which is the first and only eyewash designed to operate in concert with standard healthcare protocols and the human eye.
- KIMBERLY-CLARK PROFESSIONAL's KLEENGARD\* Brand is well represented by apparels, gloves, and protective eyewear.
- LSH INDUSTRIAL SOLUTIONS PTE LTD will feature its Microgard 2000 Comfort, designed specially for those who work in warm working environments. The apparel combines a new lightweight microporous fabric with breathable back panel.
- LAKELAND INDUSTRIES INC will showcase its industrial protective and disposable clothing for those who come in contact with chemicals and fire.
- POWERCAT will feature its All New PowerCat MTC25 which only weighs 50kg but able to move 25,000kg load.
- PDS INTERNATIONAL PTE LTD will showcase several new personal protective equipment, safety sunglasses, gas detectors and indoor air quality monitoring system.
- UNIC CRANES will present the world's most compact crane – the UNIC mini crawler crane. This crane provides a brilliant solution for restricted or confined working space and excellent for projects in Singapore where most worksites are becoming narrower.

## CONCURRENT EVENTS

Show organizer, Messe Düsseldorf Asia constantly strives to provide both visitors and exhibitors with exciting ancillary programmes. This year, OS+H Asia is augmented by

- **HOSPIMedica ASIA 2008, 7<sup>th</sup> International Exhibition on Hospital, Diagnostic, Pharmaceutical, Medical and Rehabilitation Equipment and Supplies.**  
A specialised medical and healthcare exhibition featuring a wide range of the latest innovations in medical and health care equipment and solutions. Some 350 exhibiting companies from 30 countries will showcase the best in healthcare providing visitors with the right equipment, technology and solutions for better in- and out- patient care. More information on HOSPIMedica ASIA is available at [www.hospimedica-asia.com](http://www.hospimedica-asia.com)
- **ACOH 2008 Conference**  
The 19th ACOH conference aptly themed as "**Redefining Occupational Health In The Face of Globalization**" will provide an excellent forum for all OSH practitioners to come together to redefine their roles and adopt innovative approaches in the face of globalization. This conference is organized by the Occupational and Environmental Health Society (OEHS) and managed by Messe Duesseldorf Asia. More information on the ACOH 2008 conference is available at [www.acoh2008.com](http://www.acoh2008.com)
