pre-register your visit at
www.pack-print.de

Bring your business beyond borders with PPI 2011!

Get a concentrated overview on market trends through creative product displays and live demonstrations from international market leaders as well as innovative small enterprises at Asia's leading packaging and printing exhibition.

Together with you and more than 250 exhibitors from over 20 countries, PPI 2011 will once again create a unique communication and business platform with quality, variety and internationality.

matching you with the right business partners

benefit from online and onsite business matching service

Beyond our role as a leading trade fair organizer, we at Messe Düsseldorf Asia will work with you to maintain and enhance your strategic capabilities, and generate new business leads, customers, clients, suppliers and acquisition targets by connecting you with the right business partners.

To register your participation for the business matching programme, please log on to www.pack-print.de

product range

- pre-press & pre-media
- packaging & printing machinery, equipment, appliances, accessories
- book binding
- print finishing
- paper converting, including packaging production
- packaging materials, means, aids
- printing & packaging services

visitor target group

- commercial & newspaper printing
- repro houses
- publishing, finishing, converting & graphic arts specialists
- retailing & manufacturing
- advertising, design, direct marketing & PR agencies
- multimedia & Internet publishing
- package production
- consumer goods & electronics manufacturer
- contract packaging
- machinery importers

We are now in the process of organizing a big delegation of top Filipino printers to attend PACK PRINT INTERNATIONAL 2011...the theme of 'better business beyond borders' is indeed very appropriate for the present climate and environment in the printing industry and I am confident that it will be as successful as ever.

*Mr. John L. Choa
President, Printing Industries Association of the Philippines*

It is a well known fact that drupa, organized by Messe Düsseldorf, is definitely the biggest show in the world. It is thus a boon for the printing and packaging sector of Asia that Messe Düsseldorf Asia started organizing PACK PRINT INTERNATIONAL...Keeping to its traditions, it has become a must attend event for the printing and packaging sector especially of Asia.

*Mr. Vijay Kumar Chopra
President, North India Printers' Association (NIPA)*

The packaging industry is a global community and the AIP acknowledges this event as an opportunity for packaging technologists and people in the wider packaging industry to further their knowledge of packaging and printing systems and solutions. Attendance at exhibitions and trade events is highly regarded by the AIP as a key component of maintaining the skills base of our industry in support of the formal education programmes provided by the AIP."

*Mr. Pierre Pienaar
National President, Australian Institute of Packaging (AIP)*

PACK PRINT INTERNATIONAL is a professional trade fair where you can get the most up-dated innovation, machine and equipment for the printing and packaging industry,

*Mr. Nguyen Van Dzong
President, Vietnam Printing Association*

what the industry has to say...

A.B.C. PRINTING MATERIALS (THAILAND) CO LTD

The ABC-ALLIED group is a leading international manufacturer of special chemical products for the worldwide printing industry and is supported by a global network of distributors with offices in the US, UK, Poland, China and Thailand. With many years of experience in the printing industry and their continuous R&D, ABC can ensure its customers real value for money, e.g. with their recommended product "High Fidelity Fountain", Fountain with IPA free.

A.J. PLAST PUBLIC CO LTD

A.J. Plast is a biaxially-oriented film manufacturer which achieves world-class quality and standard by utilizing experience, innovation, and advanced technology. The Thai company offers a one stop service for a high quality flexible packaging film, such as BOPP FILM, BOPET FILM, BOPA FILM and METALLIZED FILM (VMBOPP, VMBOPET, VMBOPA FILM).

ARTDECO CREATIVE AND INVESTMENT CO LTD

ArtDeco Creative and Investment provides release coating films and consumables for "Heat Transfer Label". The films are PET-based, have excellent dimensional stability and can be used for both, screen and offset printing. The consumable includes screen printing ink and its additives, adhesives, etc. All of ArtDeco's products are ECO-friendly.

C.G.S. (THAILAND) CO LTD

C.G.S. (Thailand) is a leading provider of world class products and professional services for various types of printing and packaging in Thailand. At PACK PRINT INTERNATIONAL 2011, C.G.S. will present different products, such as packaging mock-ups, photopolymer plates, ink matching and mixing systems, digital printers for short-run labels, packaging and palletizing systems, C.G.S. Academy and more.

CANON MARKETING (THAILAND) CO LTD

The Canon Color imagePRESS Series delivers the cutting-edge technologies, media capabilities and finishing options that will help drive businesses ahead. A new generation of Color imagePRESS systems continues redefining performance and expectations of customers – print professionals in printing, commercial print shops, quick printers, in-plants, and CRDs. This new series guarantees high reliability and marks a new generation of printing and business with high image quality and productivity.

CLEARPACK (THAILAND) CO LTD

Since its formation in 1991, Clearpack has been a reliable partner for all packaging needs offering solutions for packaging equipment as well as packaging materials. Their product line includes a full range of: capping, cartoning and case packing machines, conveyers, filling machines, inspection systems, kitting / filling lines, labelling and decoration machines, palletizing and processing machines, product-handling systems, strapping and wrapping machines. Besides its head office in Singapore, Clearpack has a strong global network of distributors, e.g. in China, India, Indonesia, Japan, Malaysia, Oman, Philippines, Saudi Arabia, Spain, Thailand, UAE, US and Vietnam.

COMPUTER PERIPHERAL & SUPPLIES LIMITED

Established in 1987, Computer Peripheral & Supplies Limited has gained the trust of manufacturers as the sole distributor of state-of-the-art printing machines covering all types of printing technology. CPS' products include: the Postek TX Series High Performance Industrial Printer that can produce various print qualities. It also consists of a 32-bit ARM Processor and a two line LCD providing intuitive operations, constant monitoring, and stand alone capabilities.

CREATION MACHINERY CORPORATION LIMITED

Creation Machinery is a leading supplier for machines, accessories and parts for the printing industry (press and post-press). Supplies include installation and after-sales service. The company represents world leading manufacturers and brands such as Komori, Chambon, Rotatek, Perfecta, Golden Tec, Guowang, Inotech, Purple Magna, Cosmotech, Jinbao, Yoco-Nikko, Rilecart, Fujikura, PCS and many more.

Global competence.
Local excellence.

DUPLO (THAILAND) LIMITED

From duplicating, printing to finishing systems, Duplo has been synonymous with being the only manufacturer dedicated to the production of a complete line of on-demand printing and finishing equipment. The company is attributed as the leader in providing innovative collating, booklet-making, perfect binding, trimming, folding, cutting, printing / duplicating, bursting, and creasing solutions in the print market place. Duplo offers a wide variety of products from low-mid-high range to serve all kinds of customers.

FERROSTAAL (THAILAND) CO LTD

Ferrostaal is an industrial service provider with its head office located in Essen, Germany. As a leading supplier to the graphic arts and packaging industry in Thailand, Ferrostaal covers every stage of the printing process from prepress, digital, press to finishing. The company represents well known manufacturers such as Kodak, HP, Komori, Kolbus, Wohlenberg, Meccanotecnica, MBO, Conti-Air and many more.

FUJI XEROX (THAILAND) CO LTD

With over 44 years of experience in Thailand Fuji Xerox (Thailand) is the right partner for Digital Print Businesses. At PPI 2011 the company will be present with a team of professionals who will showcase Fuji Xerox' complete range of up-to-date solutions and technologies for digital printing.

GLOBAL GRAPHIC MACHINES CO LTD

Global Graphic Machines represents several brands of premium consumable products to serve newspaper, commercial and packaging printers. The company has been known for its excellent service and as an importer of qualified graphic art products for the most effective printing production guaranteeing to achieve the highest performance of cost- and time-saving and environmental friendly product lines.

GRAPHPACK CO LTD

Graphpack is a print finishing company that represents a wide range of brands and their products, including: Aristo (digital cutter), Petratto (book binding and converting machine), Zechini (hard cover making machine), Kisun (UV coater, photobook binding machine), i.Thermal Laminating System (machine & film), Onglematic (index cutter), Stago (staple, drilling, corner cutter).

HEIDELBERG GRAPHICS (THAILAND) LTD

With the unique expertise gained in the printing industry for over 100 years, Heidelberg has established comprehensive insights into all advanced technology for the future of the graphic arts industry. As the world market leader in graphic arts solutions, Heidelberg has made a decisive commitment to participate in PPI 2011 to feature and configure the ideal state-of-the-art cutting edge solutions to offer printers with the most effective, efficient and extensive integrated automation. This provides the industry with undisputed leading printing technology, facilitating increased productivity and consistency in applying quality standards.

HENKEL (THAILAND) LTD

As the leading company for adhesive, sealants and surface technology, Henkel offers a wide variety of adhesives for paper and carton laminating with the key brand Adhesin®. This product meets individual needs of paper converting products in the converting line in terms of lay-flat ability, good flow, high setting speed, long open time and if desired, waterproofing. Henkel's products are also suitable for foaming machines, thus achieving an optimum price / performance ratio for the customer.

KAO YEH MACHINE INDUSTRIAL CO

With more than 40 years experience in slitting engineering, Kao Yeh machine is one of the leading slitter builders in Taiwan. Specializing in precise slitting, winding, and high speed slitting converting, they design and build slitter with simplex / duplex surface winder for paper and non-woven and slitter with duplex center / surface winding for film and foil.

LARGE FORMAT SYSTEMS CO LTD

Large Format Systems Company specializes in high-quality inkjet printers with antistatic printing features, e.g. the Dilli Neo Titan Series UV-Curable Ink Printer. Dilli, which comes in 8 series, is easy to operate and maintain. The models 1606WS and 1606VS are both able to print on various materials such as roll or flat sheet PP board, PVC board, acrylic, plaswood, foam board, wood, MDF, rubble, glass, tile, iron, stainless, stone, film, vinyl banner, sticker, art paper, corrugated paper etc.

LINE O MATIC GRAPHIC INDUSTRIES

Line O Matic Graphic Industries is engaged in the manufacturing of fully automatic exercise book machines, automatic reel to sheet ruling machines, automatic counting and folding machines, A4 / A3 cut size sheeters with automatic ream wrapping, folio sizes sheeters and other exercise books making machines.

MULLER MARTINI (THAILAND) CO LTD

Variable Sleeve Offset Printing technology from Muller Martini Web Offset Printing Press VSOP technology enables simple and quick format changes in offset printing for flexible package printing. Sleeve technology allows print sizes to be changed easily without having to remove entire inserts, so this process is quick, simple and exceptionally cost saving.

NATIONWIDE CO LTD

Nationwide Co Ltd is a well-known distributor of the following brands and products: Konica Minolta (digital colour laser printer), Screen (high-performance thermal plate recorder), K+E (offset process inks), Varn (pressroom chemicals), Day (printing blankets) and Xingraphics (positive thermal CTP plates).

OJI LABEL (THAILAND) LTD

Well-recognised for its outstanding customer service and consistency throughout Oceania and Europe, Oji Label provides a range of pressure-sensitive paper and film, from personal and home care application to food, pharmaceutical and logistic application as well as quality products and services for the fast paced labelling industry. Being a member of Oji Paper Japan, a long regarded paper and board manufacturer, quality control is inherit in the Oji Label (Thailand) to meet the Japanese standards of quality.

PMC LABEL MATERIALS CO LTD

PMC Label Materials is one of the leaders in producing quality PSA label materials, providing hi-tech and high-end products of value to customers in the areas of offset, letterpress, rotary, Flexor and many more. With over 200 products, they also specialize in other labels.

RICOH (THAILAND) LIMITED

With its remarkable image colour, consistency and ability to handle a broad range of substrates, the RICOH Pro C901/C901s Graphic Arts Edition brings enhanced features to the graphic community market and is designed for the demanding requirements of today's graphic arts professional, as more and more applications migrate from off-set to digital. The production press is equipped with new technologies which enable high quality imaging on a wide range of media at maximum output speeds.

RISO (THAILAND) LIMITED

RISO's ComColor full-colour inkjet printer combines outstanding print speed, high-volume capabilities, and low operating costs to create the ideal colour printing solution for offices or print shops. Featuring simple, intuitive controls and robust print production capabilities, the ComColor full-colour inkjet printer enables customers to add full-colour printing to everyday print jobs, but also provides a low-cost alternative for printing black and white.

SANKI MACHINERY CO LTD

At PACK PRINT INTERNATIONAL 2011, Sanki Machinery will present their Intermittent label rotary printing machine from Japan (Model SMP-300-8). This machine contains an 8 colour printing unit and can print up to a width of 300mm. Other features are: a Corona Treater, Web Guider, 8 UV dryer unit (inverter type), unwind and re-wind air shaft type and a touch screen panel. Sanki's products are characterized by high speed, precision and reliability.

SANXIN PRINTING MACHINE MATERIAL (THAILAND) CO LTD

Sanxin Printing specializes in the sales of printing and packaging machinery and material supplies, such as printing machines and equipment, binding machines, UV spot coating machines, die cutting machines or automatic laminators. In addition, the company also provides consulting services as well as training, quick and efficient after-sales technical services. With their expertise in this field for over ten years, Sanxin ensures its customers best quality in products and services.

SATO AUTO-ID (THAILAND) CO LTD

SATO offers complete solutions to businesses by integrating hardware, software, media supplies and maintenance services. It is a pioneer and leading global provider of integrated Automatic Identification and Data Collection solutions that leverage barcode and RFID technologies. The company's comprehensive product line includes: direct thermal and thermal transfer printers, RFID Smart printers and tags, Data Collection Systems (DCS), Integration Services, OEM print engines, printer accessories, label design software, and thermal transfer ribbons.

SUZHOU OMA Y OPTICAL MATERIAL CO LTD

SUZHOU OMA Y is a leading manufacturer of high transparent PC film and sheet, offering non-halogen fire resistant grade, fire resistant grade, and general grades. All products come with different textured surface and colours. OMA Y PC films are UL certified and ROHS complied covering a wide range of applications such as printing, packaging, nameplate, graphic overlay, membrane switches, LCD display, insulation etc.

TAPES & INSULATED PRODUCTS CO LTD

Since 1984, Tapes & Insulated Products group have locations in Singapore, Malaysia and Thailand, and are ISO 9001:2008 certified. Their products cover full lines of Self Adhesive Tapes such as OPP Packing Tape, Masking Tape for all kinds of industries under the brand name TIPTAPE, GUMTREE and ARMARK. The group is also a sole distributor of LOHMANN GmbH & CO KG (Germany) in Thailand, who manufactures plate mounting tape and double-sided tape for the printing industry.

TECHNOLOGY 2004 CO LTD

Technology 2004 is a distributor and importer of the CNC machine brand Multicam from USA and Japan. Their products include router machines for cutting wood, plasma machines for cutting steel, laser machines for cutting acrylic, water jet machines for cutting of several materials, ink-jet and UV-ink machines and plotter machines.

TMP MEURER GRAPHIC GMBH

TMP Meurer Graphic GmbH features the exclusive slogan "your direct link to the German Printing Industry". For 14 years the company has supplied top class remarketed offset printing equipment to 90 countries around the world. Every individual demand requires an individual solution, therefore TMP's know-how and close cooperation with renowned and professional partners stands for project tailored concepts around the pre-owned printing setup. TMP Meurer offers an all-round service from purchasing, consulting and sales to project execution, storage and financing.

VT GRAPHIC CO LTD

VT Graphic is the exclusive distributor of post-press machines for the packaging industry under the brand DGM® and Tsai Yi®. The company specializes in packaging and provides extensive and premium service not only with their well-trained engineers but also with know-how in packaging design aspects. With a showroom located in Bangkok customers can test-run the machines before making a buying decision.

your stay in Bangkok

how to get to BITEC...

by BTS (Skytrain) and shuttle bus

The terminal station (On Nut Station) is only 4km away from the venue. A free shuttle bus service is provided between On Nut Station and BITEC.

by taxi

Taxi service is available for pre-booking at the business centre. The taxi stand is located at the drop-off area in front of Hall 103.

by bus

BITEC can be reached by bus No. 11, 13 and 23 with a bus stop located in front of the venue.

by car

BITEC is directly linked by the expressway to the Central Business District (10km) and accessible via 3 entrances: Entrance 1 and 2 along Bangna-Trad Road and Entrance 3 along Sukhumvit Road.
